## จะ(jà) - Will

จะ is similar to “will” in English.

It shows an action that has not started yet but will happen in the future.

Pattern: Subject + จะ + Verb

(Subject can be omitted when it's already clear in the conversation.)

### 1. General future action

Used when talking about something that will happen later.

เย็นนี้จะพาไปกินข้าว

yen-née jà paa pai gin kâao

= This evening, I'll take you out to eat.

### 2. Intention or decision

Used when you decide to do something and show your goal.

เราจะเรียนภาษาไทยให้เก่ง

rao jà rian paa-săa Thai hâi gèng

= We will study Thai until we become good at it.

3. Immediate future (about to happen)  
Used when something is going to happen very soon. Similar to “is about to” in English.

รถจะออกแล้ว รีบมาเร็ว ๆ

ródjà òk láew rîep maa reo reo

= The bus is about to leave. Hurry and come quickly.

จะถือไม้ไหวลนะ

jà tŭe mâi wăi la ná

= I'm about to drop this. I can't hold it anymore.

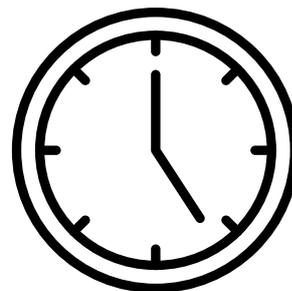

#### 4. Asking about the future

Use จะ when you ask about someone's future plan or next action.

พรุ่งนี้จะไปทำงานกี่โมง

prŭng-née jà pai tam-ngaang gèe-mohng

= What time will you go to work tomorrow?

Without จะ: พรุ่งนี้ไปทำงานกี่โมง

prŭng-née pai tam-ngaang gèe-mohng

Still correct, but using จะ gives a clearer future feeling.

## 5. จะ for Willingness / Offering Help

Used to show that you are ready to help or do something.

ฉันจะช่วยเอง / ผมจะช่วยเอง

chán/pǎm jà chûay eng

= I'll help you. (Shows willingness or strong intention.)

เดี๋ยวกจะบอกอะไรให้

dǎo jà bòk à-rai hâi

= I'll tell you something in a bit.

Friendly, teasing tone.

## 6. จะ for Predictions

Use จะ (with or without น่า) to predict what will happen.

เขาน่าจะไม่มาแล้ว

káo nâa jà mâi maa láew

= He/She probably won't come.

(น่า(nâa) = probably)

เขาจะไม่มาแล้ว

káo jà mâi maa láew

= He/She likely won't come. (but there is still a small chance)

เขาไม่มาแล้ว

káo mâi maa láew

= He/She definitely won't come. (100%)

## 7. จะ for Warnings

เดี๋ยวจะโดน

(dǎo jà dohn)

= Stop it or you'll get in trouble.

ระวัง เดี๋ยวจะล้ม

(rá-wang dǎo jà lóm)

= Be careful, you're about to fall.

## 8. จะ for Annoyance / Impatience

จะไปก็ไป

jà pai gâw pai

If you're going, then go.

จะทำก็ทำ

jà tam gâw tam

If you're going to do it, then do it.

จะกินก็กิน

jà kin gâw kin

If you're going to eat, then eat.

จะเลือกอีกนานไหม

jà lûeak èek naan mái

How much longer will you take to choose?
